

# solar rated cable ties

- quality polyamide 12 construction
- excellent moisture and chemical resistance
- smooth edges protect from abrasion damage
- less than 1% humidity absorption
- designed to withstand stress cracking
- suitable for installation in solar galvanized steel applications
- ideal for challenging environments such as offshore, oil rigs, or in melting snow and freezing cold
- extended uv strength offering the equivalent of about 24 years of weather resistance

special formulation to excel in the most extreme solar environmental applications

PART NUMBER	COLOR	TENSILE	LENGTH	WIDTH	BAG QTY
8-50-N12-100	UV BLACK	50 LB	8.0"	0.190"	100
11-50-N12-100	UV BLACK	50 LB	11.8"	0.190"	100
14-50-N12-100	UV BLACK	50 LB	14.5"	0.190"	100
14-120-N12-100	UV BLACK	120 LB	14.5"	0.300"	100

## edge clips

- for use where holes are not acceptable or where environmental conditions cause adhesives to fail
- ideal for edges of 1-3mm
